Hello everyone

I cannot let the RU2008 Event pass without saying a few words.

The totality of the Grand Event was so full of energy, excitement and joy. The picnic brought an extra magnificence and further induced a great taste to our gathering. At the end of the picnic day, I and my family had an opportunity to stop by at Tan Tang Sim's home for chitchats and sips of wine before heading to Peter Kuoch's residence where we experienced and enjoyed the taste the Hollywood living style with great foods, drinks and live entertainments.

I would like to send my sincere appreciation and thank you note to members of the RU2008 Committee and the kindness of participants of the event in making this reunion an unforgettable one.

Finally, I also would like to wish everyone an everlasting good health and prosperity so that we all will be able to plan and meet again at our NEXT REUNIONS.

Sincerely,

*Nicitha (Nic) You*
